Management System Manual

Irish Fencing Services

P2 Quality Policy

Our quality policy is shown below.

The process for the approval, communication and review of the policy is shown in the adjacent flow chart.

1. Senior person approves policy

- quality policy

2. Communicate the policy at the induction of new starters and to existing staff via the normal internal communications processes

Make the policy avaiable to interested parties
- induction checklist, emails, intranet, notice boards
or newsletter; website

3. Review and, if appropriate, update the policy at the management review meeting

- management review meeting notes

Quality Policy

We will ensure that our fencing products and services meet our customer's expectations, our own high standards and comply with all relevant regulations.

Specific quality objectives will be set and reviewed through our management review process. To help achieve these, we will maintain a quality system that meets BS EN ISO 9001 - "Quality Management Systems – Requirements".

We must strive to continually improve our performance by regularly evaluating our products and services and identifying actions to ensure that our objectives are achieved and that problems are prevented. At Irish Fencing we aim to provide the highest quality products in the market by ensuring all material is inspected coming into the yard and before leaving the yard by our qualified RWC. Irish Fencing Services have now upgraded all Health & Safety procedures and ensure all customers that we carry out our work in a safe manner as per the COVID-19 guidelines set out by the government.
